Society Affiliations

American Concrete Institute
American Society for Testing and Materials
American Society of Mechanical Engineers
American Society of Civil Engineers
American Society for Metals
Earthquake Engineering Research Institute
Forensic Accident Reconstructionists of Oregon
International Association of Arson Investigators
National Association of Fire Investigators
National Association of Professional Accident Reconstruction Specialists, Inc.
National Association of Corrosion Engineers
National Society of Professional Engineers
Society Of Automotive Engineers
Structural Engineers Association of Oregon
Structural Engineering Institute
The Metallurgical Society

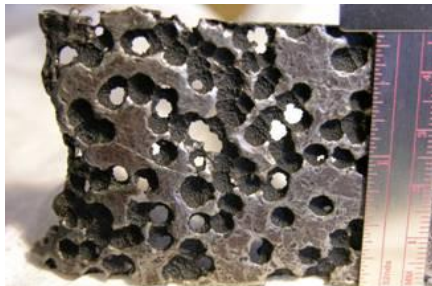

Alumni Affiliations

Oregon State University
University of Portland
Portland State University
Georgia Institute of Technology
Massachusetts Institute of Technology
University of Illinois
University of Wisconsin – Madison

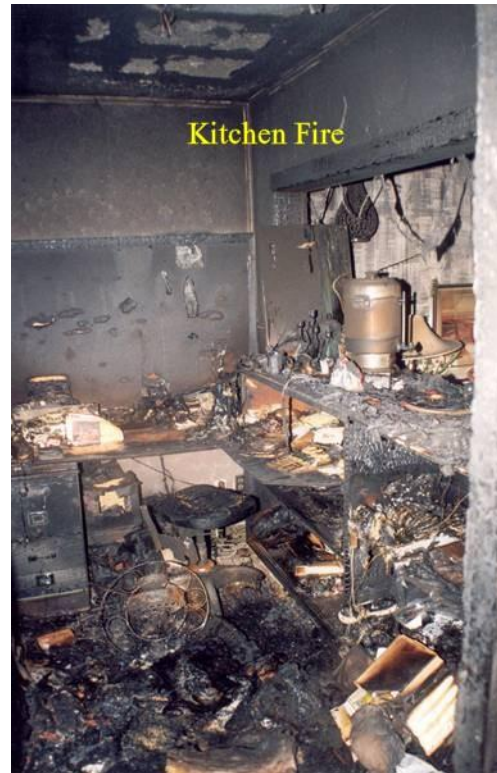

Typical Engineering Projects and Presentations

Civil / Structural
Water Damage
Foundations
Construction Defects
Collapsed Structures
Plumbing Leaks
Mechanical
Fire – Origin & Cause
Slip, Trip & Fall
Automotive Accident Reconstruction
Vehicle Data Download
Lighting Studies
Metallurgy
Corrosion
Mechanical Testing
“Metallurgy of Stainless Steels – Welding and Corrosion”
“Metallurgical Investigation into an Automotive Fire”

Microbiologically Induced Corrosion
